## FROM THE DESK OF GENERAL SECRETARY

**Dear Members/Associate Members,**

During the past 3-4 months we have been arranging felicitation programme for our members who have completed 75+ years of age. What we observed is that our senior colleagues, most of them are in the pink of their health, cheerful and still going strong. Many of our seniors were able to climb up the stairs to reach the second floor of our Office. On the occasion of offering our felicitations, we request our seniors to share their experience on ageing gracefully. Majority of the seniors, unequivocally

announced that growing old is a gift, a blessing. Time is our most precious asset and ageing gives you more of it. As you age, you may become more confident who you are, more committed to living life as you see it. The challenges you surmounted may inspire a greater appreciation for life. Our interaction with the seniors revealed the fact that everyone is different and there is no right way or standard rules to age or spend the next chapter of your life. The seniors were unanimous in suggesting the following tips for how to age gracefully in your 70s

and beyond and these tips can inspire us to live our best life.

Our seniors have a strong feeling that ageing, health and human development has found a clear connection between solid relationship, a connection to community and a happier, healthier, longer life. Your best friends, grandchildren, spouse, pet animals, internet friends and a hot cup of coffee or tea you chat with every morning, all improve your wellbeing. The more socially connected you feel, the more support you can access when needed and the more opportunities for joy and meaning you will experience.

The second tip suggested by our seniors is Do what you love. You should do what makes you happy, because happiness is important for health. You just get one life and you deserve to enjoy it. Find ways to maximise time spent doing what you love the most. Aging well means investing in yourself. It is important to ignore things that do not bring you joy.

The third tip suggested by our seniors is prioritising your physical health. This positively impacts your life. Eat a variety of nourishing healthy foods. Become physically more active. Regular daily movement, physical exercise, is key to staying healthy. Control your stress. You should

always care for yourself the way you would care for a loved one.

The fourth tip highlighted by our seniors is mental wellbeing. Engaging in mentally stimulating activities like reading, writing or playing games can help keep your mind sharp and reduce the risk of cognitive decline. Maintaining strong social relationships and engaging in hobbies can improve mental and physical health.

The fifth tip suggested by our seniors is: Go to your family doctor regularly. Going to the doctor for regular health screenings is essential for healthy aging. Getting regular check-ups help the family doctor catch chronic ailment early and can help patients reduce risk factors for disease such as high blood pressure, diabetes, cholesterol levels, cancer, cardiac issues etc.

Healthy aging is about embracing the natural process of aging gracefully and living your best life well into your golden years., which are a time to shine, to cherish every moment and to continue pursuing the lifestyle you wish to live. With the right mind-set and habits you can enhance your quality of life and ensure that your golden years are as vibrant and fulfilling as ever.

When it comes to ageing gracefully, who better to look for

inspiration than our elders? These veterans embraced their golden years but did so with style, humour and a strong sense of self. Let us take a cue from the experience of our elders and embrace the golden years with confidence, sharpness, positivity and a good sense of humour.

As we age it is important to embrace the changes that come with it. This does not mean giving in to the effects of aging but rather adapting to them. By making healthy lifestyle choices, we can continue to live a vibrant and fulfilling life.

In essence, as per the experience of our seniors, aging gracefully is about embracing the journey of life with a positive attitude, prioritising wellbeing and finding joy in every stage of life.

We wish all our Members /Associate Members a happy, healthy, joyous and cheerful life.

## **TIME'S PASSAGE**

**In childhood's bliss or youthful prime,  
We rarely concerned, about time.  
But after sixty, fears arise,  
About the years, left to realize.**

**We gaze at elders, frail and worn,  
And think ourselves, still strong and young.  
Yet, seeing youth, we feel distressed,  
Of age and time's relentless fate.**

**We start to feel our final stage,  
Reaching fast with, each turning page.  
Mainly due to our emotions,  
Though Nature maintains its own pace,**

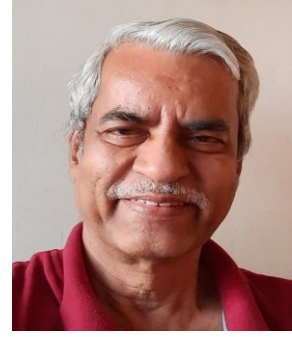

**For those, who, cherish memories,  
And hold dear, the passage of time,  
Time ever keeps, slipping away,  
Doling memoirs, with us to stay.**

## CHILD LIKE Vs CHILDISH

By: G Laxman, Mem No. 2902

Mobile No: 9886728829

The idiom “the Child is father of the man” makes one wonder what really it means. William Wordsworth used this saying effectively in his poem “My heart leaps up”. The poet, as believed by many, used the idiom to conclude that a man grows by habits and behaviour developed in his youth and childhood.

But many of us believe that Children are called “fatherly figures”. That is because we learn from them how one should be ‘Child like’. In just two months, a baby starts smiling! Not just at its mother, but anyone who looks intently at it. Smiling comes at ease for a baby. Even if we start making a face or scold it ‘chhi kalla / kalli’ (meaning you thief in Kannada) even then a baby will smile at us! Is the baby having a lesson for us how to face criticism or is it responding as “Take it back!?”

How many of us can smile so easily and as often as a baby? How difficult it is to lift the two sides of our lips! We smile only when necessary to get a favour and for a reason. If I smile at strangers, some people may even brand me as a “mental” case! If the stranger is a lady to whom you smile at, you will be branded as a “poly”!

There are some who smile before asking for a favour. Not knowing their hidden agenda, we may respond with a Smile, only till we realise what the smile was for. Therefore, the moment a person approaches with a smile, many become defensive. But once we know their purpose of that prelude before asking for some favour, which they do not deserve, our smile turns sour!

Coming back to the Child, we all have noticed that even while sleeping also a baby smiles. What the child dreams is a wonder. I also try to smile at my wife often. She promptly rebukes ‘today the Sun seems to have risen from West side!’ I also try hard to smile at least while sleeping, but my wife complains that I was not smiling, but snoring! I make a face at her! And she smiles at me (a heckling type of course)!

Do children not cry and make faces? You may ask. But how thin is the layer between their cries and smiles!

My grandson 5 years old (sorry, young) quarrels with his friends and comes to me complaining. Even before I make out what went wrong with him or his friends, he goes out and doing a High five to renew his friendship with his friends with whom he had fought just a while ago! Now I know why they say “Be like a Child”! How difficult it is to change our “childish” behaviour into “childlike” disposition!

Now I know the subtle message of the saying ‘Child is father of Man’

Let me head to the mirror to practice smiling!

## SET TO CROSS MILE STONE

Attaining 75 years of age is a milestone in the life of a retiree. Though statistically, longevity of life has increased, we are coming across several instances where many souls depart from us even before reaching the above milestone. Under such circumstances, it is really a cause for

greeting the retirees who are set to reach the milestone and enthruse them to tread along. With this objective and in response to desires of several members that CBROA News features a list of members who are crossing 75 years of age during **MAY 2025.**

## CBROA WELFARE SCHEMES

CBROA has been assisting members though in small measure, as an expression of solidarity with the beleaguered members at the hour of their grief/crisis. The entire scheme is borne mostly out of generous Donations from the members. While the CBROA thanks the donors for and on behalf of all the beneficiaries, it seeks generous and regular donations in this endeavour to stand by the members at their time of need. CBROA appeals to members for regular donations on the occasion of birthday celebration of their dear ones, say – Self, Spouse, Children, and Grandchildren and derive satisfaction of donating for a cause.

Dear friends,

Many members are voluntarily opting out of CBROA welfare scheme (Medical reimbursement scheme) and sending mails, WhatsApp messages. We are finding it difficult to consolidate. Hence, we have devised a google form to enable us to consolidate it. Please use the below mentioned link, in case if you wish to opt out of the welfare scheme.
