Dear friends,

**Sub: Concession extended to Retirees/Family pensioners on locker rent**

We have been collecting the details from our members through google form and shared the same with the concerned. On analysing the data/details, we find that under the following 3 situations, the concession wasn't extended by the system.

1. Locker -The first hirer is not in the name of our staff member. In other words, staff member should be the No.1 hirer, in case the locker is heard by more than one person.
1. Pension account or any staff account (with product code 111) is to be linked to the locker account to enable the system to debit the locker rent.
1. Even if pension /staff account is linked to locker a/c, **\*the customer ID (which is related to pension /staff account) should be made "STAFF" under option CIM 09).**

I request the members/family pensioners to visit the branch and ensure that all the above three conditions are complied to enable to get 50% concession on small/medium lockers and 25% concession on large lockers

With regards,

J S Jagadeesh
